# WELCOME TO OUR TOWN!

## About The Little Towns

The Little Towns is a child-size urban neighborhood that features 16 hands-on exhibits including a grocery store, fire station, veterinary hospital, post office, restaurant, gym, and many more iconic buildings found in a real functioning community. While our exhibits are designed for children 6 months to 8 years, we have lots of room for parents and older siblings to join in on the fun. The best part? Don't worry about cleaning up a thing, we do that for you!

More than a traditional indoor play space The Little Towns children's museum provides a unique opportunity for children to boost their imagination, gain confidence and be active. We offer an innovative experience where math, science, literacy, and the arts come alive for families, community members, and education partners.

The Little Towns is a clean and safe environment for children to develop their social and emotional skills through imaginative role play, and was voted **Best Indoor Play Space in Bethesda Magazine's** Best Of Bethesda 2022 issue.
